ARTIFICATION 2019

CITIZEN 20:20 YOUTH

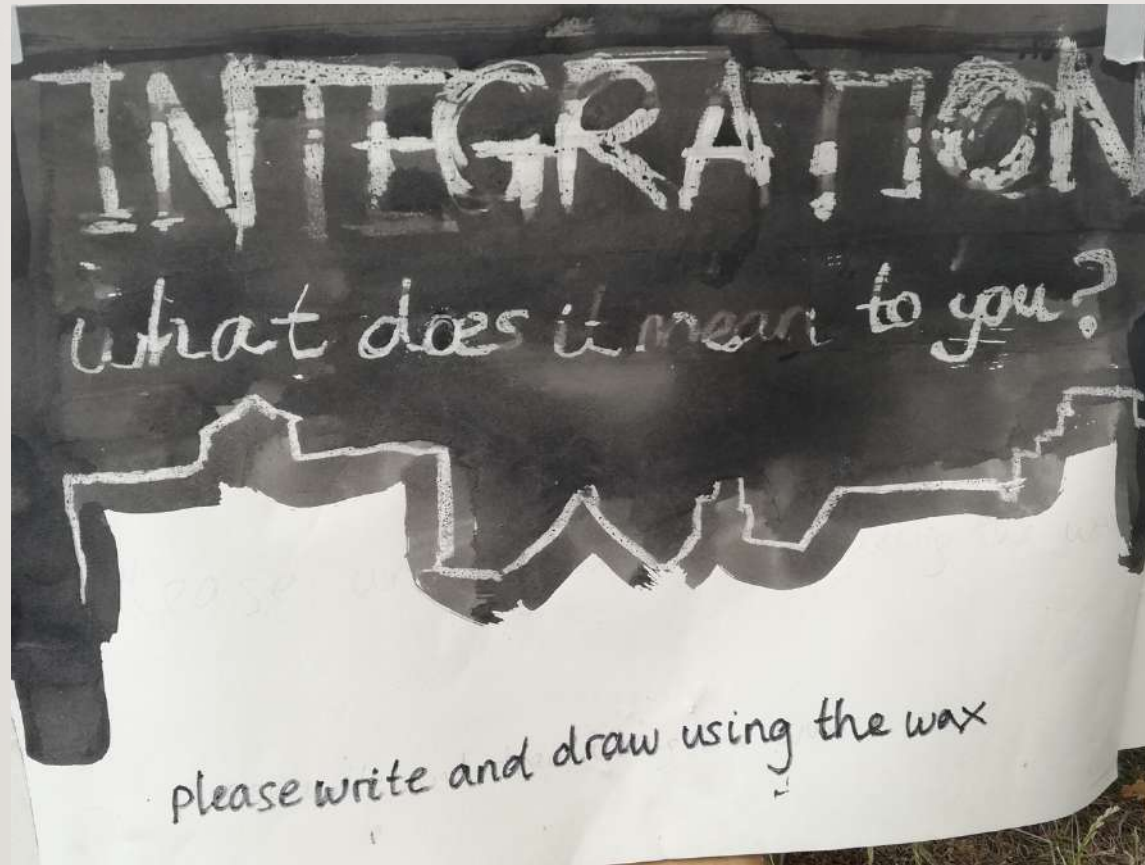

The JLC grant enabled us to work in partnership with children and youth groups in Acton to explore their ideas of identity, develop understanding of their relationships with others and to create and express this imaginatively. C2020Youth addressed the need for a more proactive, creative and effective initiative in supporting understanding, integration and participation of diverse communities through:

- * Qualitative tailored training exploring identity and belonging,
 - * Discussion, envisioning, creating artwork and expressions that empower,
 - * Sharing this experience and personal journey through our exhibition and event.
- 

PROJECT AIMS AND EXPECTATIONS

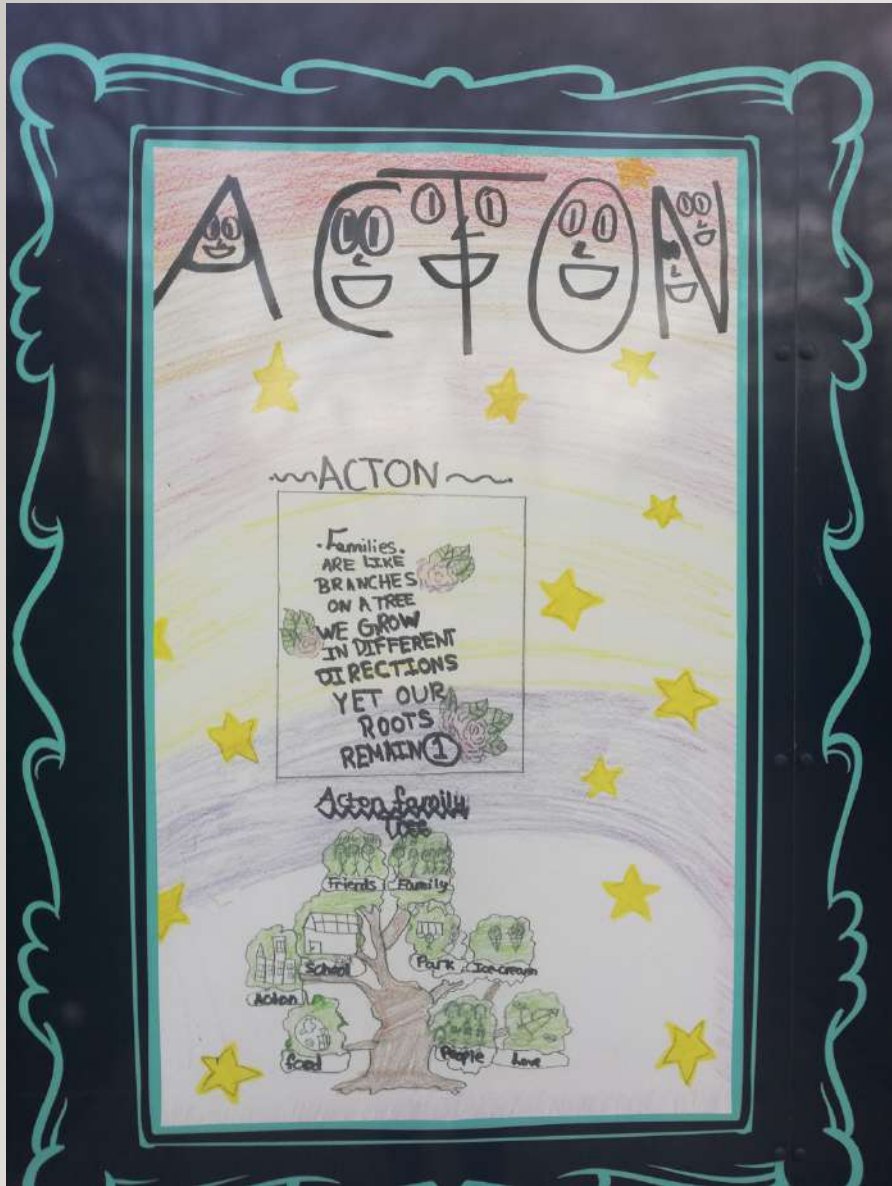

- * Developing social interaction between young people by mapping, understanding and sharing their historical experience and its' impact on them.
- * Enhancing intercultural and inter-religious dialogue through exploring the concept of 'identity'.
- * Developing social action through creative, sustainable practices and structures for youngsters to co-create their future.

WAPPY WORKSHOPS

- **Young People ...Do You Know Who You Are, Where You Come From and What You Would Like from Your Community? Does Your Identity Matter?**
- WAPPY would like to invite young people (ages 4 – 16) living and/or schooling in any part of the Ealing borough to take part in an exciting project led by **ARTification** and **Double Helix**, with WAPPY's input.
- **C2020 YOUTH** would like to bring together young people of different faiths and ethnicities to consider all the wonderful legacies and gifts each individual has and would like to share to help build new friendships.
- We will offer two workshops at the W3 Gallery on Acton High Street, the first one led by Brian de Lord (using his 'Double Helix' model adapted for young people) on Thursday 14th March (4.15-6.15 pm). The second led by me (Akuba) on Thursday 21st March (4.15-6.15 pm) will use spoken word to encourage participants to express their own stories using art work and creative writing which will be part of an exhibition and future showcase.
- The theme '**Identity**' runs through both workshops and we will consider the above questions using games, discussion, group work, ice-breakers and presentation.
